

Using the Fame Database

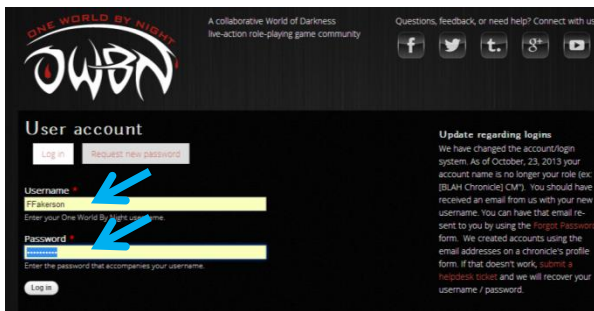

The Fame database is designed as an **optional** means for the Storytellers in OWBN to record PCs and NPCs with Fame Background of 3 and higher. Storyteller staff members with an account on the OWBN.net website can add characters to this database

Please follow the steps below to add PC/NPCs to the Fame Database.

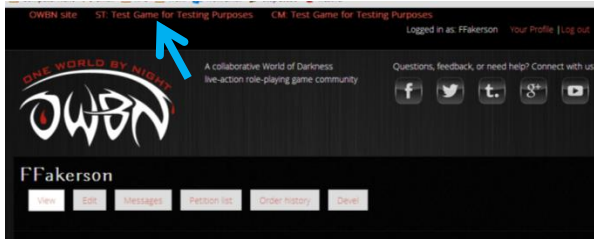

1. Go to the OWBN.net website, and click on Staff Login.

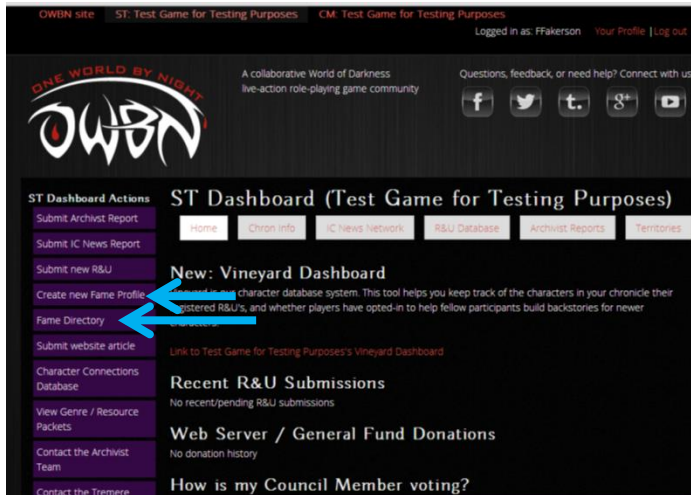

2. Log into the site with your account username and password

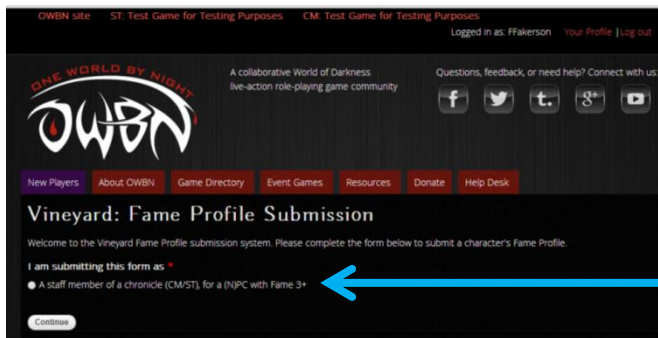

3. Click on ST: (Name of Chronicle) at the top of the screen.

- To create a new fame profile, click on “Create a new Fame Profile”
Alternatively, to view the fame directory (which includes ST contact), click on “Fame Directory”. This directory will include the Chronicle and St Email address.

- Follow the instructions on the submission system, clicking on “continue” after each choice. The chronicle information will **not** be visible on the public facing fame page.

Keep in mind that Coordinators and Storytellers/CMs use the same form. Your options will be different depending on your role in the Org.

There are people who are part of multiple storytelling teams. Please choose the Chronicle the PC/NPC is based out of, and has ultimate Storyteller oversight.

R&U PCs in YOUR chronicle are already part of the database, **those in your chronicle** can be searched by name. This is also how you can edit an existing Fame character.

If this is a new or non-R&U PC, then check this option.

6. Fill out the information for the Character name, creature type, and Creature. Mortal NPCs are under “Other”. Click “continue” when done.

(a large text area), and 'Scope/Niche' (a large text area). There are also explanatory notes for the 'Why is this character famous?' and 'Scope/Niche' sections. At the bottom, there are 'Back' and 'Continue' buttons.
