
“The lost tribe: What once was lost...”

Release for Public/ IC Knowledge

*"We got nates at the gates with some ever sick beards
They seem cool But their accent is weird
They rolling with freaks or so it appears"
(Dear white folk) you got nothing to fear
I look pretty nice when I look in the mirror
I look even better when drinking a beer
Its love in the air when my goonies are near
I'm a little too bright but my future is clear*
